PARTNERS

Company Biography

Aero Partners Ltd started in 2000 from a small office and a humble workforce of two.

Through careful acquisition of stock and commitment to good customer service, Aero Partners Ltd has grown to deal in over 30 countries and holds over 16000 line items.

We purchase aircraft for teardown and have progressed to engine sales.

Although Aero Partners Ltd has grown year on year, we have always kept our small company mentality and spirit which includes innovation, adaptability and accessible customer service.

Aircraft Supported

We aim to provide total support for today's modern airline climate, where high demand and competitively priced spares are paramount.

Aero Partners Ltd can provide spares support for the following aircraft types;

- Boeing B737 Classic & NG, B747, B757, B767
- Airbus A300, A310, A318, A319, A320, A321, A330, A340
- BAE ATP/HS748 and BAe146
- Fokker 27/28, 50 and 100
- ATR42/72

Chemical Solutions

Aero Partners Ltd also provide full chemical solutions for aircraft maintenance, including sealants, adhesives, oils, greases, paints, tapes and composite repair materials, interior and exterior cleaning products. We also offer in house hazard packing facilities, by our fully trained DGR and DGA staff.

Rotable Exchanges

We provide extensive stock holdings to allow competitive exchanges on critical/AOG basis.

Aero Partners Ltd aim to be the best at providing a seamless exchange order experience.

- 30 day core returns. (Majority of our competitors only offer 14-21 days)
- Low initial exchange fees
- Worldwide logistic support and exchange pool
- Transparent core repair costs (No handling fees)
- Customer contact on core returns, we are flexible and understand core delays.

AOG Service and Support

A 24/7 AOG service provides extensive worldwide cover, delivering on time and meeting your needs.

The dedicated service gives our customers peace of mind in an AOG situation.

We are located at the prestigious London Southend Airport and only 45 minutes from London Stansted and less than 1 hour 30 minutes from London Heathrow and London Gatwick. This allows worldwide AOG coverage within limited time constraints.

Quality

With our ISO9001-2008 accreditation we are fully focused on customer satisfaction though continual improvement and assessment.

Audits are conducted internally on a quarterly basis and then outside assessment and audit on a yearly basis.

We also obtained our Health and Safety ISO18001 certificate in 2010 to show the commitment to high safety standards.

In addition we also feel that the ISO14001 Environmental standard was a logical step as the airline industry accepts its environmental responsibility. Aero Partners Ltd is a committed partner in sustainability and resource management.

All of our stores is temperature and humidity controlled to comply with airline audit procedures and maintain a high quality product.

Customer Service

"Small company, big customer service".

Our dedicated staff have a high degree of aviation expertise and are a small team of knowledgeable driven employees. They deal with specific customer accounts to give one point of contact and excellent customer service.

Repair Management and Logistics

Every year we have added to our extensive MRO partnerships worldwide to allow Aero Partners Ltd to choose the best workshop for the type of unit being repaired. This leads to extremely competitive labour rates due to the collective volume of work.

Advantages to the customer;

- Reduced hourly rates leading to lower overhaul costs
- One point of contact for worldwide MROs
- Access to exchange pool while unit is on repair.

Consignment Stock

Use our staff and network advantages to turn your surplus inventory into revenue. Aero Partners Ltd offers features and benefits to your advantage like limiting the number of parts consignment of similar aircraft types. Once a consignment agreement is made, Aero Partners Ltd will not enter into additional agreements for similar aircraft parts until the preceding agreement has been fulfilled.

We offer a “First out” option which means we sell your inventory first to enhance a quicker turn around on your surplus inventory.

Aero Partners Ltd advertises your stock on every major part locating system worldwide to allow the maximum exposure to the market.
